INTRODUCTION

The kingdom of God is divided into three sectors. We have the spiritual kingdom (*Heavenly realm where the saints, holy angels, and the Trinity lives*), the inner kingdom (*the heart of the Christian*) and the visible kingdom (*the church on earth*).

Spiritual keys control the Kingdom of God because God is a Spirit. Every kingdom has a key they use to operate. In the Satanic kingdom, they have their keys. In the animal kingdom, they have their keys. In the soulish realm, there is a key; Psychics use to operate.

The elemental spirits, the occult, the agents of Satan, the Muslims, the Pagans, the Buddhist, the Shinto's, the Jews, the Atheist, the Hindus, the humanist, the scientist, the free thinkers, the universalist, the Freemasons and other religious bodies have the keys they use to operate.

Each Kingdom uses its keys to exalt their faith. The Christian believer must know specific rules and regulations that govern the Kingdom of God because ignorance of these profound truths and keys allows the wicked to dominate.

In this book, I have laid down profound truth and keys every Christian believer must know to enable him to become resourceful. You can use my book as a

teaching manual in your church and various organizations.

I have added four important chapters to the book to help broaden your spiritual understanding of the Lord. May the peace of our Saviour and Lord Jesus Christ be with you as you connect with God's wisdom.
