# *Introduction*

I am thrilled to have you on this journey of prayer and manifestation. Thank you for picking up this book. My name is Naomi and I am a bible study leader and part-time writer. I most enjoy spreading the Word of God and pointing out the difficulties of black women in today's world. It is my hope that this book will give you the opportunity to develop a closer relationship with God.

The purpose of this coloring book was to establish a safe space where you could pray and reflect on the Word of God at the same time. Coloring is the perfect activity to fall into a state of calm and meditation so it's the perfect thing to do while thinking about God and His kingdom that awaits us.

Here's how to get the most out of this coloring book:

1. **Choosing the Right Tools:** When starting out it is best to choose a variety of tools to find out which coloring styles you most enjoy. Begin by using colored pencils, markers, and gel pens. Since each tool has its own unique effect you may enjoy mixing them together to create a beautiful look.

2. Think Outside the Box: Get creative with your coloring designs. There is no right or wrong way to do this so experiment with different colors and color combinations.

3. Don't Rush Anything: The intention behind coloring is to give you a feeling of calm and relaxation. Allow yourself to stay present and become taken by the Holy Spirit.

I wish you absolute peace and joy as you go through this coloring book. Your faith in God will lead you in every area of your life and the creativity from this book is a gift from God.

Happy coloring and may God bless you.
